Indore, Madhya Pradesh, India

SUMMARY

Java Developer with experience in designing and developing enterprise-grade web applications using Java, Spring Boot, Spring MVC, Spring Security, Hibernate, and Spring Data JPA. Experienced in developing RESTful APIs, working with PostgreSQL and MySQL, and building responsive front-end applications using React.js. Proficient in Docker, Kubernetes, Git, Maven, Postman, and CI/CD pipelines. Strong understanding of software development best practices, debugging, performance optimization, and Agile methodologies, with a focus on delivering scalable, secure, and maintainable solutions.

TECHNICAL SKILLS

- **Languages:** Java, JavaScript, SQL, HTML, CSS
- **Libraries & Frameworks:** React.js, jQuery, Spring Boot, Spring MVC, Spring Data JPA, Spring Security, Hibernate
- **Java Technologies:** JDBC, Servlets, JSP
- **Databases:** PostgreSQL, MySQL
- **Tools & DevOps:** Maven, Apache Tomcat, Docker, Kubernetes, CI/CD, Postman, Git, GitHub
- **Development:** RESTful API Development

EXPERIENCE

- **SSi Digital Academy** Onsite - Indore, Madhya Pradesh
Java Developer + Instructor (Full-time) June 2025 - Jul 2026
Trained aspiring developers in programming languages and tools while creating course content and providing hands-on mentorship.
 - **Training Sessions** : Conducted sessions on core programming languages and development tools.
 - **Course Material Development** : Designed and updated assignments, lab exercises, and coding challenges.
 - **Hands-on Mentorship** : Guided students through debugging, troubleshooting, and real-world scenarios.
 - **Impact** : Helped multiple batches build strong foundations and advance their careers
- **InnoBimb Infotech** Onsite - Bhopal, Madhya Pradesh
Junior Developer (Internship) April 2025 - May 2025
Developed responsive web apps using React.js, fixed bugs, optimized performance, and collaborated with teams using Git version control.
 - **Web Application Development** : Built and maintained web apps using React.js and Node.js for client projects.
 - **Responsive UI Components** : Created user-friendly, responsive interfaces for enhanced user experience.
 - **Debugging & Optimization** : Resolved issues and enhanced application efficiency.
 - **Version Control & Collaboration**: Used Git and GitHub for code management and team coordination.

EDUCATION

- **Truba College of Science and Technology** Bhopal, Madhya Pradesh
Bachelor of Technology - Computer Science and Engineering; GPA: 7.29 Oct 2021 - May 2025
Courses: Object Oriented Programming, DataBase and DBMS, Internet and Web Technologies

PROJECTS

- **Smart Portfolio Analyzer**
React.js, JavaScript, Java, SpringBoot, Hibernate, PostgreSQL
Developed a stock analysis platform with real-time market insights, enabling users to track investments and analyze market trends.
 - **Portfolio Tracking**: Built a dashboard allowing users to add, monitor, and manage their investment portfolios with profit/loss calculations.
 - **Data Visualization**: Implemented interactive charts and graphs to help users visualize stock performance and market trends over time.
- **Sniptyle - Open Source Learning Platform** In Progress
React.js, JavaScript, Java, Spring Boot, Hibernate, PostgreSQL
Building a beginner-friendly open source platform for learning programming languages, web technologies, and databases.
 - **Learning Platform**: Designing structured, easy-to-follow tutorials for beginners covering web technologies, programming languages, and databases from scratch.
 - **Full Stack Development**: Built RESTful APIs with Spring Boot for backend logic and connected React.js frontend for a smooth, responsive user experience.
